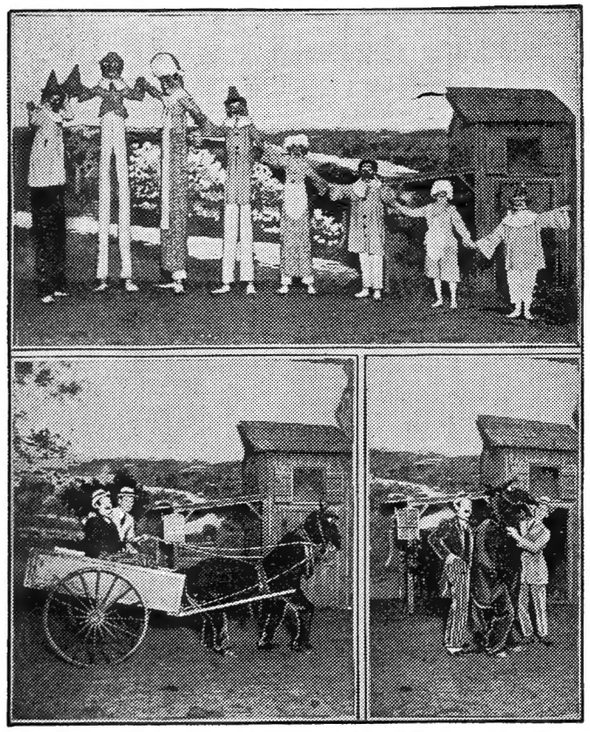
GRANDSTAND ATTRACTIONS

Featuring "The Pioneers of the Plains." The R.C.M.P. in their famous Musical Ride and Mounted Sports. Fireworks such as were never before seen in the West, costing thousands and thousands of dollars.



THE LOMAS TROUPE

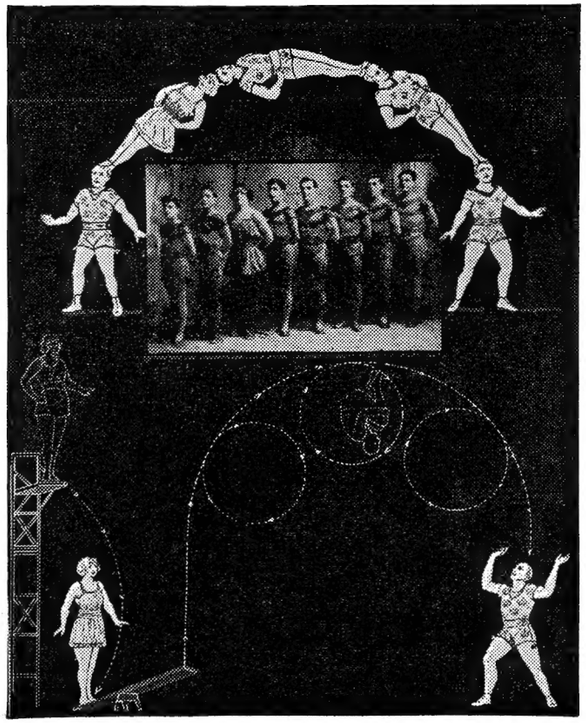
In this, their first tour of America, the Lomas Troupe, famed English comedians, are meeting a reception seldom accorded a foreign importation. Entirely different from any other presentation, the pantomimic artists are answering the demand for something new in entertainment. Of their first appearance in this country, made at the world's largest theatre, the New York Hippodrome, the New York World had the following to say: "The novelty they offered is a real Hippodrome feature, ending with a manikin-stilt parade in which the figures range from four to forty feet in height while one member of the troupe actually grows to the enormous size in full view of the audience. Although appearing unheralded, they scored a big success with the Hippodrome crowds."

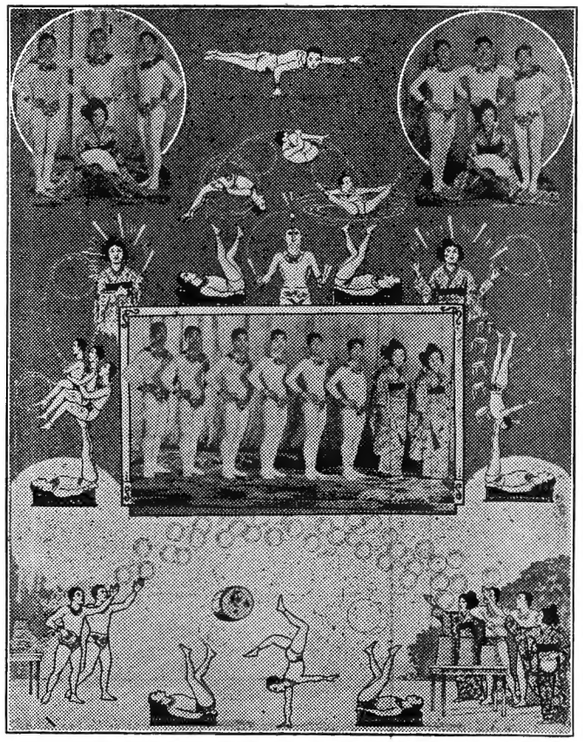
Will appear at each Grandstand Performance.

YACOPI TROUPE

The pretentious and totally different original entertainment that will be offered by the Yacopi Troupe at the 1925 Exhibition will instantly seize the attention of the patrons. The Yacopi Troupe comes direct from South America, where they have played the past two years. They are all superior gymnasts and the speed maintained in their act keeps them always in high favor. In their triumphant sequence of feature stunts their realization of the human bridge goes far beyond anything of the kind ever attempted and includes a lady in the formation, positively the limit in their far famed and complicated manoeuvers. Out of a maze of original acrobatics is suddenly shown the triple somersault from plank to shoulders, a most daring exhibition demonstrating the highest efficiency and showmanship.

Will appear at each Grandstand Performance.





KIKUTAS JAPS

A thrill for those who admire unusual dexterity and a pleasant surprise for those who love the beautiful is one way of expressing an appreciation of the superb performance given by the brilliantly costumed Oriental novelty, THE KIKUTAS JAPS. Their act is one of superiority in equilibration, they ascend to the highest degree of efficient and artistic equilibristic accomplishments. The company comprises a cast of eight, six men and two girls. Radiantly beautiful costumes are lavishly worn. No stinting on wardrobe by this splendid troupe. To the contrary the audience, especially the ladies, are immediately impressed with the wealth of beautiful things worn. The success of this offering at the SASKATOON EXHIBITION is assured

Will appear at each Grandstand Performance.

FOUR CLIFTON GIRLS

Coming to the SASKATOON EXHIBITION this year are the four Clifton Girls, the fastest and snappiest dancing act ever offered the public, an act that is filled to the brim with speed and class, an offering that combines acrobatics, with the very latest and most intricate dancing steps. The art of dancing is frequently acquired in a short time, especially when the director is unusually competent. But not so with dancing when it depends in the main upon acrobatics. The Four Clifton Girls were under the instruction of one of the most noted dancing teachers in New York for several years before they made their debut on the leading Vaudeville circuit. Each and every member of the Clifton Girls can step into the front rank of the Follies and emerge victor in a beauty contest with these famous beauties. They have physical charm in abundance, they wear pretty and bewitching costumes and they possess personalities that are pleasing and that endear them to the patrons. They are truly a treat for the eyes and are a symphony of grace as they flash their series of acrobatic dances.

Will appear at each Grandstand Performance.

PICKARD'S SEALS

One of the most remarkable demonstrations of animal intelligence and the results of careful and painstaking effort is the rarely entertaining performance of Pickard's Seals. This group of actors from the Far North are exceedingly bright and unusually smart seals and they will be directors in a clever program by Captain Pickard. Nothing short of the increditable can describe their stunts as wire walkers, musicians, acrobats, jugglers and dancers, and one of the hits of the act is the seal clown band. It is almost impossible to realize the versatility, cleverness and remarkable intelligence of these sleek members of the troupe and Capt. Pickard has perfected a program that reveals all these accomplishments in their most interesting, amusing and impressive detail. This act has a highly educational value that is easily recognized

Will appear at each Grandstand Performance.

One of the main objects of the Saskatchewan Co-operative Elevator Company has been to give the farmer selling a wagon load of wheat a price as nearly equal as possible to that which the carlot shipper receives.

All the resources of the company have been used to give the small farmer the highest price humanly possible for his grain and equal consideration with the carlot shipper. Ever since the inception of the "Co-Op" this policy has been steadfastly pursued.

In the report of the Royal Grain Inquiry Commission this principle is accepted as being fair and equitable to all producers of grain.

The Saskatchewan Co-operative Elevator Company, Ltd.

(Owned and Controlled by the Agriculturists of Saskatchewan)

The "Co-op" operates its own country elevator, commission, terminal and export departments—completing a grain handling chain direct from the farm to the overseas markets.

The Saskatoon Industrial Exhibition is too well known to the people of Saskatchewan,—and particularly to the people of Saskatoon City and Northern Saskatchewan,—to require any recommendation or commendation from me. Nevertheless, I am glad to speak a word in praise of it.

An institution of this kind is of inestimable value, drawing together as it does the people of city, town and country, thus tending to bring about better understanding and harmony among the various classes of the community.

The Saskatoon Exhibition ranks as one of the best in Western Canada and is worthy of the fullest possible patronage and support.

CHAS. A. DUNNING,
Premier of Saskatchewan.

GREETINGS FROM THE MAYOR OF SASKATOON

To the people of Saskatchewan:

The Saskatoon Industrial Exhibition is held annually at Saskatoon in the Province of Saskatchewan, for the education and entertainment of the people of the Province and visitors.

Large buildings house the exhibits of Livestock, Poultry, Agriculture, Dairy Products, Domestic, School, Art, Manufacturers, Industrial and Governments—both Dominion and Provincial. It is not an organization for profit.

The Directors are composed of men of high standing who give their entire time and talent to make the Exhibition a success and are highly encouraged by the Civic Government and citizens of the City.

Midway attractions, platform attractions, horse racing, fire works, etc., will all be the best obtainable, and should make the 1925 Exhibition outrank all previous Exhibitions.

As Mayor of the City of Saskatoon I urge the people in the City of Saskatoon and the Province of Saskatchewan to take advantage of the privileges offered by visiting every Department of the Exhibition this year.

W. H. CLARE,
Mayor.

L. G. CALDER

PRESIDENT'S GREETINGS

The Board of Directors take pleasure in presenting herewith the annual premium list for the Saskatoon Industrial Exhibition for the consideration of its patrons. In compiling the list of premiums the number of awards offered has been increased in many departments. The different committees have given very careful consideration to what they consider to be the best interests of every section of the Exhibition.

The Saskatoon Industrial Exhibition has been a most important factor in bringing to our people a fuller realization of the wonderful agricultural possibilities of the Province and the splendid exhibits have been a silent influence in bringing to the attention of our communities better types of Livestock, Poultry, Agricultural and Dairy Products, which mean much in the development of the Province.

The Saskatoon Industrial Exhibition is now recognized throughout the country as one of the leading exhibitions of the West.

The Exhibition is operated entirely in the interests of the development of the Province. The officers and directors serve without compensation. The entire income in excess of the cost of operation is devoted from year to year to increasing facilities, enlarging the buildings, improving and beautifying the grounds and making the premiums more attractive.

It is the earnest desire of the Directors that the stimulating influence of the Exhibition that has already been so effectively felt in the portions of the Province that have hitherto participated, extend throughout the Province.

The Saskatoon Industrial Exhibition belongs to the people of the Province, and we desire that every citizen should have a part in the Exhibition's continued growth and influence for good.

A whole-hearted welcome awaits you.

Respectfully yours,

L. G. CALDER,
President.

STANDARD TRUSTS

HEAD OFFICE: WINNIPEG, MAN.

Have you given serious thought to making a will —probably the most important document you will ever sign. A will must have an executor who should be qualified by experience to act.

With most individuals acting as executor or administrator is just a side issue for which they have not the time nor special qualification. Acting as executor and administrator is our business, for which we have been specially organized, and have the necessary equipment.

The benefit of these qualifications, and the experience gained in dealing daily with estates, is available to you at a very moderate fee—no more than that allowed by the Surrogate Courts to the individual executor for this service.

We solicit your correspondence or call to discuss this. All such treated confidentially. We have special pamphlets on the subject which may interest you, and are available to you on request.

JUDGES AND JUDGING

Judges are particularly requested to adhere to the following rules:

34. Any changes made in the judging programme will be posted in a conspicuous place in the barns.

35. Judges will be appointed by the Executive Committee previous to the exhibition, and will receive cards informing them of the fact and inviting them to act. These judges are instructed not to award the prizes except to deserving exhibits.

36. Any person who shall attempt to interfere with or influence the Judges while in the discharge of their duties, or shall at any time, on premises of the Association, use any contemptuous or abusive language to any judge, or within his hearing, in consequence of any award made by him, or any exhibitor refusing to accept any award made by a Judge, shall forfeit his right to any premiums to which he might otherwise be entitled. Judges are particularly requested to report any breach of this rule.

37. All protests shall be made in writing and accompanied by a deposit of an amount equal to the first prize in the class in which the exhibit was judged, which deposit shall be forfeited if protest is not sustained. Said protest shall state plainly the cause of complaint or appeal and shall be filed with the Secretary the same day as the decision complained of is made. Such protest shall be dealt with by the Committee in charge of the Department in which protest is made as they may deem best, and their decision in the matter shall be binding upon all exhibitors and judges concerned. In the event of the Committee being unable to come to a decision satisfactory to the majority of the Committee the protest shall be dealt wih by the full Board of Directors.

38. Where a protest is to be made against the competition of any animal or article in any class, notice of the same should be filed with the Secretary before the class is passed upon, that the judge may be instructed to place a reserve award, and that premiums may be properly distributed in the event of the protest being sustained.

39. Any exhibitor may be required by the Executive to make a statutory declaration that the exhibits made by him are shown in accordance with the rules and regulations governing the Exhibition. Should any exhibitor refuse to make such declar-

40. In addition to the stated premiums offered Judges may also distinguish such as they consider deserving of notice, by tickets or ribbons with the words "Highly Commended" upon them.

41. All prize ribbons or cards which have been awarded must be displayed during the Exhibition. Any infraction of this rule will incur the forfeiture of any premiums. Colors of Prize Ribbons: 1st, Red; 2nd, Blue; 3rd, White; 4th, Green; 5th, Yellow; 6th, Pink; Champion, Royal Purple; Grand Champion, Lilac.

42. No article or animal shall be considered by the Judges in awarding prizes, providing their tag is not conspicuously attached.

43. The Directors will take into consideration any special exhibit recommended by the Judges.

44. All exhibitors must submit to the requirements of the Judges or their animals will be ruled out.

45. No person will be allowed to act as judge who is or has at any time been interested in the exhibits to be examined.

46. No animal shall be awarded a prize unless promptly brought into the Show Ring when the class is called. Animals entered must be exhibited if on the grounds, unless on account of illness or injury.

NOTE.—Judging rings shall be provided for both horses and cattle, in which all exhibits in these classes shall be paraded to be judged. No person other than the Judge, the Directors in charge, the clerk and one attendant for each animal being judged shall be allowed in the ring.

47. All animals shall remain in the ring after the prizes are awarded subject to the order of the judge, to allow the public to view them.

48. No horse will be allowed a premium unless sound except in cases of breeding stock injured by accidents which do not lessen their usefulness.

the said horse may be removed from the grounds by authority of the manager.

51. All stalls must be cleaned out before 7 a.m., so that refuse can be cleared away before the arrival of visitors.

52. Judges in the several departments shall present themselves to receive their instructions at the Manager's Office on the grounds.

53. Each Director of a department is charged with caring for and reading the judge's book of his department, with the awards duly and properly entered therein as it is only upon this record that prizes can be paid. Each book must be signed by the judge and director of the department immediately upon the awarding of the prizes. Judges are directed to note in the judges' book all animals or articles examined by him, whether awarded prizes or not.

54. When respectfully requested to do so the judges are expected to give the reasons for their decisions, stating what constitute points of excellence in the class of animals or articles being considered, and pointing out the superiority of one over the other.

55. The judges are particularly requested not to leave the grounds until they have ascertained that no protests against their awards have been made.

56. Where there is no competition the judges shall decide whether such animal or article is entitled to the first or any prize. This ruling shall govern all departments except such where special provisions have been made to the contrary.

57. Whenever the word "progeny" is used in the Live Stock classes it is to be defined as referring to and meaning the direct descent, as a son or daughter.

58. In the perishable classes, Fruit, Flowers and Vegetables, the privilege will be allowed (after the Judges have made their awards), of replacing any deteriorated or wilted article with a new supply.

Low price, without disappointment in looks or reliability. Economy without sacrifice of performance.

Stability and highest roadability without unnecessary weight.

The riding ease of large, costly cars. The handling ease of a bicycle. Utter simplicity in design.

The lowest maintenance cost, we believe, of any car in the world.

Two of every three Essex buyers come to it from those who formerly owned cars bought chiefly for their low first price.

Surely you cannot be satisfied with less than Essex offers Its cost is but little more than cars of the lowest price.

SASKATCHEWAN'S GREATEST STORE

Justifies Its Right to Its Slogan

"So the measure of a thing is the service it renders." So the value of a store lies in the service it renders by mail, over counters, by delivery, and last but by no means least in the value and quality of its merchandise. The business of this store is to anticipate and subsequently to FILL the requirements of its patrons.

14 Departments *and* 25 Sections under One Roof--A Plaza *of* Merchandise

Fourteen trained buying executives, men who have made a study of the requirements of the store's clintelle, men who know merchandise in an intimate way and who are constantly on the alert for good values to place before the store's customers.

We extend a welcome to Exhibition Visitors from all parts to make this store their headquarters when in Saskatoon, and to avail themselves of every facility for better shopping that it presents.
